our food

As part of our farm-to-table concept, Cascada's international cuisine is inspired by a rare blend of traditional and cutting-edge techniques gathered from regions across the world, and carefully created using only the freshest and locally sourced natural produce.

We are proud to be able to offer all of the dishes available on our à la carte menu as part of our private event packages and special tailor-made group menus. Flexibility is key to ensure you and your guests experience the true essence of Cascada's renowned chef and cuisine.

TASTE THE MAGIC

In a quest to explore the undiscovered limits of each ingredient, our perfectly paired niche creations are designed to arouse a well-balanced palate through an unimaginable combination of exciting and surprising flavours.

Simplicity is the ultimate sophistication

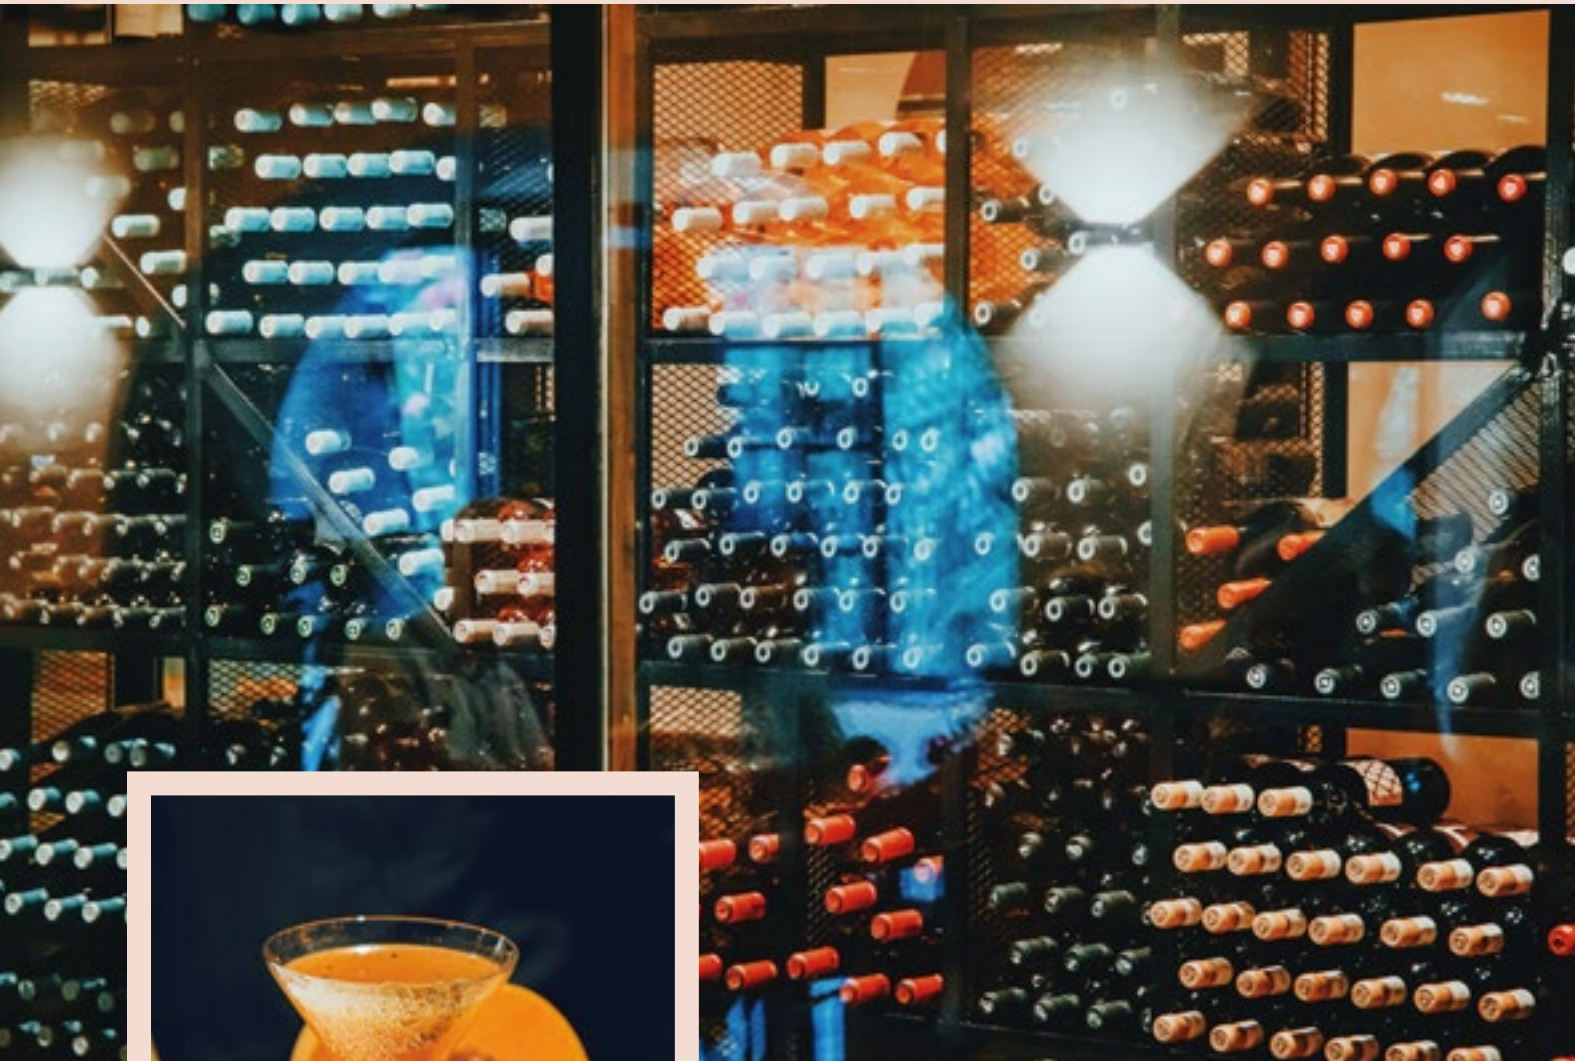

To support our notion of sustainability, we operate our very own plot of land, situated in a healthy natural eco-system behind the mountains of Marbella.

Using only ecologically friendly agricultural methods, we grow and harvest most of the ingredients that are served in our restaurant, thereby ensuring that we deliver on our promise of bringing only fresh, seasonal, and locally available produce to your table.

our drinks

In addition to the food and the venue, the drinks selection also plays an essential role in ensuring your dream event becomes a reality. Cascada is proud to boast a very fine range of wines and is known for a unique range of delicious cocktails prepared with the freshest ingredients.

Not only can our mixologists create the best versions of the traditional range of cocktails, their incredible imagination also constantly pushes the limits to create new and exciting varieties, using some of the most innovative techniques and incredible ingredients. Tasting is believing!

Our wine cellar is proudly displayed in our dining room and features a fantastic selection of carefully selected wines from some of the finest vineyards in the world, all of which can be included as part of your private event.

And if you're looking for a special wine to feature at your function, by all means ask our events team and we will do our very best to source it for you.

the entertainment

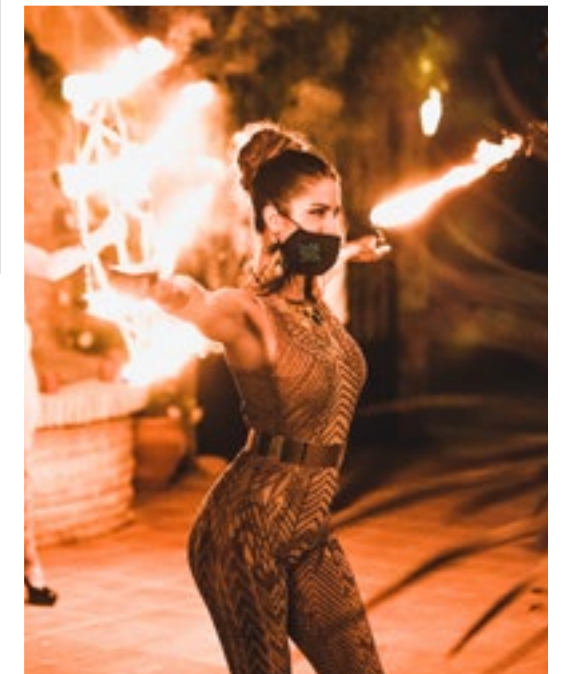

Cascada has long-standing relationships with some of Marbella's finest musicians, artists and artisans. As part of our private event packages, we can therefore offer a wide range of spectacular entertainment options, all of which can be specifically tailored to your requirements.

Included among some of the great options we can provide are live music, cocktail workshops, kids entertainment, magic shows, DJs, and much more. With many years of expertise in organising live events, our team will ensure every detail will be looked after.

In addition to the traditional entertainment options, we can also arrange to make your event an extremely special one that your guests will never forget.

How about serving drinks from a vintage mobile bar? Or making an entrance on a classic sidecar? Why not put some vintage motorcycles or cars on display? We can accommodate it all. It's the Cascada way of doing things.

our wedding venue

Cascada is not only a unique restaurant, but it is the perfect venue to celebrate the magic of your wedding. Offering three unique areas, you can surround yourselves with your loved ones, whilst enjoying a variation of stunning ambiances throughout your celebration.

Why not start off in Le Patio to enjoy welcome drinks in a space so secluded that it is only accessible via a grand terrace stairway. What better entrance than the bride in her dress walking down the stairs by our river, to the melody of cascading water in the background.

No matter the season, this is the perfect space to start your celebrations, benefiting from the natural shade of the orange trees in summer and the sweet aroma of orange blossom in spring. Drinks in Le Patio will be served by our event bar which is situated in this area.

As the joy of your magical day continues, you can move to The Terrace for dinner.

your magical day

During dinner on The Terrace, you can feast not only on the culinary excellence, but on the breathtaking views of Marbella's coastline and the blue Mediterranean twinkling in the distance. With space for different sized groups, The Terrace is a picturesque setting to dine with your guests.

Carry on the joyful celebrations in a relaxed and chilled atmosphere on The Terrace, nestled amongst beautiful trees, with the tantalising aromas of our chef's herbs and plants. As the night draws in, there is no need for the celebrations to end quite yet.

The Dining Room transforms itself into the most perfect dance floor for your unforgettable first dance, as well as more magical moments with your guests.

Why not add to the individuality of your wedding day by renting Social Print so your guests can take home a memento of the joy shared on your special day. Or arrive at Cascada in a Vintage Side-Car, or have drinks served from a vintage Drinks Bar.

Our sister companies offer unique experiences to add to the magic and enrich the memories that you will make.

At Cascada, we love micro-weddings, we love big weddings too. Every wedding is singularly created with the bride and groom to make sure that their special day is truly magical. The possibilities are endless, and we strive to create deep long-lasting relationships with every couple, throughout the planning of their wedding.

our decoration

At Cascada, we don't believe in 'one size fits all', we love to work with each couple to carefully curate every aspect of their magical day. We want to make your magical day run as smoothly as it can, this means that the planning stage also needs to be a serene experience.

As part of our weddings service, we can arrange all your decoration needs for your special day, so that you don't have to stress about liaising with too many different suppliers. We will work with you to carefully select beautiful flower choices for all the flower arrangements.

We pride ourselves in the art of table decorations and can create your unique desired aesthetic.

Do you have a dream ceremony set up? We offer a range of options for your ceremony. Why not make your magical entrance through an arch?

A Cascada wedding is tailored to your unique vision, to suit you on your magical day.

social print

Make the memories from your event last forever! Social Print allows you to instantly print your pictures at Cascada, as a personalized Polaroid photo to take home as a souvenir. It takes three simple steps: take a photo, post it on Instagram using a specific hashtag, and get it printed!

A personalized #Mr&Mrs hashtag on Instagram creates a collaborative online gallery of your wedding day, which your guests can add to throughout the event. It also allows guests who haven't been able to join the wedding celebrations to have a glimpse of your special day.

For corporate events, this is a great marketing tool to create visibility for your event. Your attendees post on Social Media, giving your event exposure to their circle, which we all know achieves higher engagement rates.

User-generated content can be expensive and complicated, Social Print makes it easy and fun! Who wouldn't want to take home a printed photo souvenir from your event? Make your event stand out with Social Print!
